

Gabon

Women, Business and the Law 2021 presents an index covering 190 economies and structured around the life cycle of a working woman. In total, 35 questions are scored across the eight indicators. Overall scores are then calculated by taking the average of each indicator, with 100 representing the highest possible score. Data refer to the laws and regulations that are applicable to the main business city (Libreville). Different rules may apply in other jurisdictions so local legislation should be reviewed. Based on this approach, **Gabon scores 57.5 out of 100**. The overall score for Gabon is lower than the regional average observed across Sub-Saharan Africa (71). Within the Sub-Saharan Africa region, the maximum score observed is 91.9 (Mauritius).

Gabon - Scores for Women, Business and the Law 2021

Relative Strengths

When it comes to laws affecting the size of a woman's pension, Gabon gets a perfect score.

Areas for Improvement

However, when it comes to constraints on freedom of movement, laws affecting women's decisions to work, laws affecting women's pay, constraints related to marriage, laws affecting women's work after having children, constraints on women's starting and running a business, and gender differences in property and inheritance, Gabon could consider reforms to improve legal equality for women.

For example, one of the lowest scores for Gabon is on the indicator related to constraints related to marriage (the WBL2021 Marriage Indicator). To improve on the Marriage Indicator, Gabon may wish to consider no longer requiring a married woman to obey her husband, allowing women to be head of household in the same way as men, enacting legislation protecting women from domestic violence, and giving women the same rights to remarry as men.
